DOB

REDACTED

42 YO single, black Muslim, male, Certified Surg. Instrument Technician, living with mother & presenting "on edge" for at least 1 yr

Referred by J. Hango — whom seen x2

HPI States no prior contact until meeting J. Hango PhD in recent weeks :: suggestion of attorney

PT distressed following court not supporting his claims of harassment in workplace for last 5 yrs

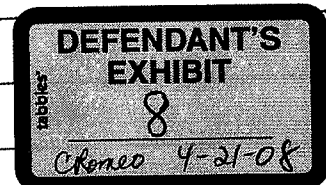

Has been referred to as "dumb Jamaican" :: "nigger" denied promotion x5 in last 4 yrs. Has been physically threatened.

Work passed onto him & claims Mgr takes underage workers out to drink during night shift. Also that Mgr sexually harassed him.

PT states crisis early morn of while reading 3 hrs on subway after learning of decision.

Unsettled sleep.

Variable appetite but no wt change

For last 5 yrs has lost interest in friends &

other activities.

Became Muslim 9 yrs ago not strictly adherent but believes in "peace" unlike 9/11 hijackers who were "criminals."

MSKCC 00721

Some belief that others who bump him on Street/Railway  
 sent by MSK

Psych 1tx As above

Mom 1tx — no signif interest

From 1tx ~ C2 → B 2B 4740  
 → M 4240

M depressed - "growly".

Came to NY from Jamaica when 10 YO. F stayed behind

Parent Born Jamaica to NY 10 YO

EDUC

work MSK 18yrs

Reasons not at parent will follow Muslim approach where  
 parents meet rare meet mpt

Relationship before Muslim

Source

MENTAL STATUS Large, black, wearing skull-cap looking  
 stated age Pleasant + cooperative Intelligent  
 Continuous incoherent speech Incoherent  
 Concentration mildly impaired Thinking concerns activities  
 at work place - paranoia - no del. or delusion  
 Affect constricted - though could smile no suicidal ideation  
 Ideation Insight mod impaired Judgment mildly impaired

Diff Dx BAD II hypomania  
 BAD II mixed  
 Schizoaffective D/O.

Plan: Ind. of Mayo  
 Trial lorazepam 10-20mg HS (10mg x 6 qid)  
 RT 5/21

5/15/07 spoke with J. Mungo

5/21/07 40 min late to train.

Said my LOX helps him sleep + anxiety. Relation  
if takes too early. Takes 10mg 7am + to bed 9pm.

Brought Court papers where he charged supervisors  
concerned with harassment + other behaviors discriminatory  
in nature.

No longer crying since meeting with me + J.M. + taking  
LOX. Paranoia persists.

Effect happy speech circumstantial

Plan: THOX very gd.  
Mood stabilizer?

Rt 5/29

5/21/07 I spoke with J.M. Has he have cellphone.

5/29 Calmer + better able to deal with "things around" him  
at work.

Not crying + sleeping well.

Hypersomnolent on LOX 20mg qd. Worry in chair

Plan: ↓ LOX 10 mg

Has cellphone To see J.M. 6/4

Will call for appt / pm

8/27/07 Mr called for appt. Informant comes to me + Jm (9.30am)

\$ for legal fees.

Released - case accepted for jury trial for  
hears by ~~600~~ in mid July.

States now he offered interviews @ M.S.K. + Mgr.  
"nice" to him. Both Mgr + Supervisor (written up for  
sex harass + + other related activities) block. Call him "nigger".

Now not been crying / markedly anxious / depressed Lox 100  
X 3 last week. → X 5 medication. Keeps sleep.

regrets need to → "lift". (Takes Lox when anxious)

Dismissed his living with M. Some reading with

Muslim brothers -

Appt calendar

Speech continues. Personal is well

Anticipation

Imp: Ady 7/0 v. M. aff. time 11/0

Mr: 11/0 ~~600~~ Trial GABA P 300 + 21000yd (bag size)

To be MTD: expositions on risk + by + alive known  
+ disclosure come ② imble

Will call for appt.

1/31/08 I spoke with JM

2/15/08. Last 2 mos episodes of "dizziness" lasting 3 mins espily under stress.  
Can recall to ②. Vision blurred. No dizziness / palpitations but

preexisting. Occurs several times / week.

Frequent insomnia (11pm → 7am shift)

Continues to feel harassed at work. - pursuing Fed. Law suit in

2/11/08  
Tense work session

GMA-P rising gd. didn't help.

Concern for M's health

+ \$ concerns (legal health)

No medication in 2 wks

Antisocial & paranoid? Less intense

Imp: Adj D/O (anxious) with anxiety attacks

By aff D/O?

Plan

Med. Eval in

(hyperthyroid - cold tolerance (weight change))

CR 0.25 → 2 mg HS

Call week / pm

2/13/08

"Med working well" → sl. slowness

① "Dang other people's work + supervisors watching"  
fired call

3/17/08

left message. Med very useful in relieving stress

①

BRYAN Johnson
